CALENDAR MATH FIRST GRADE SKILLS

monthly differentiated pages

The image displays five sample pages from a first-grade math notebook, arranged in two rows. Each page is designed for monthly use and includes various math activities.

- Top Row:**
 - September:** Includes a date line, a digital date grid, a list of days (Monday, Tuesday, Wednesday, Thursday, Friday), a 'Number of the Day' section with a ten-frame, and 'Incredible Equations' for addition and subtraction.
 - November:** Features a turkey illustration, a date line, a digital date grid, a 'Number of the Day' section with a ten-frame, and 'Incredible Equations'.
 - January:** Includes a snowflake illustration, a date line, a digital date grid, a 'Number of the Day' section with the number 17, a 'skip counting by fives' section with the sequence 22, 27, 32, and 'Incredible Equations'.
- Bottom Row:**
 - May:** Features a flower illustration, a date line, a digital date grid, a 'Number of the Day' section, a '3D Shape of the Day' section with a cube illustration and labels for 6 faces and 12 edges, and 'Incredible Equations'.
 - Unlabeled Page:** Includes a date line, a digital date grid, a 'Number of the Day' section, and 'Incredible Equations'.
