HANDS-ON PLAY DOUGH MATS

number identification

The mat is a white rectangular card with a yellow border, set against a pink fabric background. On the left is a large purple number 9. To its right is the word 'nine' in a simple outline font. Below the word is a ten-frame grid with two rows of five cells. The first row is completely filled with nine purple circles, and the second row has four purple circles in the first four cells, leaving the fifth cell empty. At the bottom of the mat, there are two hands (one left, one right) and a dashed line for tracing the number 9. A small copyright notice '©f011learning.com' is visible in the bottom right corner of the mat.

Incorporate hands-on FUN and learning!
Your students will love reviewing numbers and 1:1 correspondence.
