HAPPY NEW YEAR CRAFT

This New Year craft is a fun way to celebrate the new year, brainstorm goals for the new year, and it makes an adorable bulletin board in your classroom.

Included in this resource are craft templates and step-by-step directions with pictures. There are several options for the face and hair. Your students can choose which ones they would like to use. It currently includes hats for 2021 and 2022. The craft will be updated every year so you can use it again and again!

To get started, copy or trace the craft templates onto the correct colored paper. You can also copy the templates onto white copy paper and have your students color them in directly.
